Whether:-</p> <p>Self Appraisal Evaluation Peer Review Students evaluation Others (specify)</p>	<p>The University follows the self-appraisal method to evaluate teachers.</p> <p>(a) Sri Balaji University has implemented a structured and transparent Annual Performance Appraisal system as part of its HR policy. The system aims to provide an unbiased evaluation of an individual's performance, competencies, and achievements during the appraisal period, while also fostering a culture of continuous growth and institutional contribution.</p> <p>(b) The appraisal process is managed by ABSCISSA Pvt. Ltd., an independent third-party agency, to ensure neutrality and objectivity. It follows an interactive and consultative approach, where Key Result Areas are defined and discussed with each faculty member. The performance is assessed against these KRAs.</p> <p>(c) To accommodate all faculty members, including those who join close to the end of the calendar year, the appraisal is conducted twice annually — in December and June. This ensures timely inclusion of all employees in the performance review. After the appraisal, the final feedbacks are shared with each faculty member.</p> <p>(d) A unique aspect of this system is the creation of an <b>Individual Development Plan (IDP)</b> for each faculty member by the ABSCISSA team, post a one-on-one discussion. The IDP outlines specific areas of improvement, growth goals, and developmental inputs. Progress on these goals is reviewed in the following appraisal cycle.</p> <p>(e) In addition to individual growth, the appraisal also captures each faculty member's contributions and aspirations towards <b>student development</b> and <b>university development</b>, in their own meaningful way. These inputs become part of the KRAs for the upcoming year, ensuring that personal, student-centric, and institutional objectives are aligned and actionable.</p>

## 16. Strength and Weaknesses of the University

16.1	Strengths of the University	<b>1. Legacy of 25 + years</b> One of the core strengths of <b>Sri Balaji University, Pune (SBUP)</b> lies in its <b>rich legacy of over 25 years</b> , built by the visionary efforts of <b>Late Prof. Dr. (Col.) A. Balasubramanian</b> through the establishment of <b>Sri Balaji Society</b> —the parent institution. <b>Established in 1998, Sri Balaji Society</b> began its journey with a

		<p>mission to provide high-quality, disciplined, and industry-relevant management education. Beginning with the Balaji Institute of Modern Management (BIMM), the society expanded to include other premier management institutes such as BIIB, BITM, and BIMHRD. Additionally, the society established Balaji Law College (BLC) and an undergraduate and graduate-level college, Balaji College of Arts, Commerce and Science (BCACS), along with Balaji Junior College of Arts, Commerce and Science (BJCACS), all contributing to its multidisciplinary approach. Notably, BLC and BCACS are affiliated with the Savitribai Phule Pune University, further strengthening the academic credentials of the group.</p> <p><b>2. Strong Industry Interface</b></p> <p>Sri Balaji University, Pune (SBUP) enjoys a strong industry connect, which is one of its most defining strengths. Strategically located in Pune—a major educational and industrial hub—SBUP is situated in close proximity to major industrial zones such as <b>Hinjewadi IT Park, Chakan MIDC, Talegaon, and Pimpri-Chinchwad industrial belt</b>. This geographical advantage enables regular engagement with leading companies across sectors including IT, manufacturing, logistics, BFSI, telecom, and more. Over the years, SBUP has cultivated a robust ecosystem of corporate partnerships through guest lectures, internships, live projects, conclaves, and placement drives. Its alumni network of over <b>20,000 professionals working in top organizations across India and abroad</b> further strengthens this connect. Many alumni hold leadership roles and actively contribute to mentoring, recruitment, and curriculum development.</p> <p><b>3. Strategic Collaborations and MoUs</b></p> <p>Sri Balaji University, Pune (SBUP) has actively fostered strategic collaborations with renowned industry partners to enhance academic relevance, industry exposure, and career readiness for its students. The university has signed <b>MoUs with leading companies</b> such as <b>PhilipCapital, SAP India, and SAS India</b>, enabling specialized training programs, certifications, and domain-specific projects in areas like finance, analytics, ERP systems, and business intelligence. These partnerships ensure that students gain hands-on experience with industry tools and practices, making them more competitive in the job market. In addition, SBUP has partnered with premier startup and innovation ecosystems like <b>T-Hub (Hyderabad)</b> and <b>Bhau Institute of Innovation, Entrepreneurship and Leadership (COEP Pune)</b> to support entrepreneurial initiatives and incubation. A unique collaboration with</p>

	<p>the <b>Southern Command of the Indian Army</b> facilitates joint training, leadership development programs, and knowledge-sharing activities, reflecting the university's commitment to discipline and national service. These wide-ranging collaborations reinforce SBUP's industry-integrated learning model and strengthen its position as a forward-thinking, application-driven university.</p> <p><b>4. People – Experienced Faculty and Veteran Non-Teaching Staff</b></p> <p>One of the core strengths of Sri Balaji University, Pune (SBUP) is its dedicated and diverse human capital comprising experienced faculty and veteran non-teaching staff. The university boasts a team of <b>academicians with rich teaching, research, and industry experience</b>, many of whom have served in senior roles in reputed institutions and corporate organizations. This blend of academic rigor and practical insight ensures that students receive a balanced and application-oriented education. Complementing the faculty is a team of <b>non-teaching professionals, many of whom are veterans from the Indian Armed Forces and administrative services</b>, bringing in a culture of discipline, efficiency, and integrity across the university's operations. Hailing from different parts of India, the staff collectively contribute to creating a diverse, inclusive, and professionally managed campus environment. Their commitment to student success, operational excellence, and value-based education is a cornerstone of SBUP's reputation as a disciplined and well-managed institution.</p> <p><b>5. Academic Excellence</b></p> <p>Sri Balaji University, Pune (SBUP) is committed to delivering <b>academic excellence</b>, ensuring that students are equipped with both theoretical knowledge and practical skills to succeed in their careers. At the heart of this commitment is a <b>student-centric approach</b>, where the needs and interests of students are prioritized to create a <b>welcoming and stimulating learning environment</b>. The university fosters creativity in teaching through the use of <b>innovative instructional methods</b>, such as simulation techniques, case studies, and interactive discussions, which help bridge the gap between classroom learning and real-world scenarios. In addition, the university actively incorporates insights from <b>industry experts</b> into its curriculum, ensuring that academic content is not only rigorous but also relevant and aligned with industry trends and demands. This holistic approach to education ensures that SBUP graduates are not just academically proficient but also industry-ready, equipped with the skills needed to excel in dynamic and competitive professional environments.</p>

16.2	Weaknesses of the University	<p><b>1. Innovation and Patents: Opportunity for Expansion</b> - While SBUP has made significant strides in academics and industry collaborations, there is an opportunity to enhance its focus on innovation and patent generation. Developing dedicated research centers, fostering an innovation-driven culture, and encouraging faculty and students to engage in technology commercialization could position the university as a hub for cutting-edge research and intellectual property.</p> <p><b>2. Support for Student Startups</b>- Although SBUP has a strong emphasis on entrepreneurship, there exists an opportunity to further strengthen its support for student-led startups. By establishing more structured programs, including incubators, seed funding, mentorship, and industry partnerships, SBUP can create a more robust ecosystem for nurturing student startups and fostering an entrepreneurial mindset among students.</p> <p><b>3. Diversification into Emerging Disciplines: Broadening Academic Portfolio</b> The university currently offers robust programs in management, law, and humanities. A key opportunity lies in expanding academic offerings into high-demand areas such as engineering, medical sciences, and technology-oriented disciplines like data science, artificial intelligence, and cybersecurity. This would not only enhance academic diversity but also help meet evolving industry requirements and attract a broader student base.</p>

"Prof. M.S. Pillai was an innovator and an extraordinary professor and management educationist. He was a genius, known for bold initiatives in management education. I happen to be one of his blessed students. After my retirement from the army when I came to Symbiosis, Prof. M.S. Pillai was leaving for a Kerala based institute. But soon he came back to start SCMHRD while I was running SIMS. There was a healthy collaboration between us and we complemented each other, resulting in growth, both for ourselves as well as our students.

Prof. M.S. Pillai introduced meditation and Vipassana as compulsory subjects for his management students. He also mentored many corporate leaders. He was a good learner and a great teacher, totally devoted to his students. He was a kind hearted but tough disciplinarian. An excellent counsellor. I happen to be one of his blessed students. After my retirement from the army when I came to Symbiosis, Prof. M.S. Pillai was leaving for a Kerala based institute. There was a healthy collaboration between us and we complemented each other, resulting in growth, both for ourselves as well as our students.

Prof. M.S. Pillai introduced meditation and Vipassana as compulsory subjects for his management students. He also mentored many corporate leaders. ### **3. BHARAT RATNA DR. BABA SAHEB AMBEDKAR SCHOLARSHIP: APPLICABLE FOR MAHARASHTRA DOMICILE STUDENTS**

Bhimrao Ramji alias Babasaheb Ambedkar (14 April 1891 – 6 December 1956) was an Indian jurist, economist, social reformer and political leader who headed the committee drafting the Constitution of India from the Constituent Assembly debates, served as Law and Justice minister in the first cabinet of Jawaharlal Nehru, and inspired the Dalit Buddhist movement after renouncing Hinduism.

Dr. Babasaheb Ambedkar graduated from Elphinstone College, University of Bombay, and studied economics at Columbia University and the London School of Economics, receiving doctorates in 1927 and 1923 respectively and was among a handful of Indian students to have done so at either institution in the 1920s. He also trained in the law at Gray's Inn, London. In his early career, he was an economist, professor, and lawyer. His later life was marked by his political activities; he became involved in campaigning and negotiations for India's independence, publishing journals, advocating political rights and social freedom for Dalits, and contributing significantly to the establishment of the state of India. In 1956, he converted to Buddhism, initiating mass conversions of Dalits.
